Foreword

I have been overwhelmed by the warm welcome I have received from both the local community and the many committed and hard-working officers at the council since I became Mayor nearly three months ago.

I am very proud to have launched my first project - the Mayor's 500 Fund. I am donating 30% of my annual allowance to the fund to support local community groups. Find out how your group can apply for a grant on page 3.

I'd like to take this opportunity to send out the message that Mansfield is open for business. Our aspiration is to make Mansfield wealthier and we want to use the skills of Mansfield people to do that.

It is important for the district's future success that our business community continues to grow and thrive. Using local skills, suppliers and contractors is one way to help this and we plan to use local companies for council business where

Andy Abrahams
Executive Mayor

possible when they can demonstrate value for money.

The financial outlook for the council is extremely difficult and it will present big challenges as we look to deliver key services and my manifesto pledges. But I am not deterred by this. I am keen to have a hands-on approach to my role as Mayor and I am going out and about with various frontline teams to find out more about how services work. I will continue to review all of the council's activities before considering the best way forward for Mansfield.

There is a lot to look forward to over the coming months and you can find out about low-cost and free activities during the school holidays in the What's On guide from page 11-22. Find out about the many sporting and leisure activities at our leisure centres on page 10.

Living well... in Warsop

A community engagement project is underway to find out more about the health and wellbeing needs of people living in Warsop.

The information will be used to help plan a positive future for this part of our district.

The project is a collaboration between Mansfield District Council, Vibrant Warsop, Active Notts, Warsop Parish Council and specialist consultants Strategic Leisure.

The aim is to gather information from people who live in the area about what they do with their leisure time

and what is needed in the parish to support happy, healthy lifestyles.

The living well team will be at various events over the summer including the Summer Festival on Wednesday 14 August at Carr Lane Park. There are surveys at the Town Hall, Parish Centre and the Shed. Or go online to www.surveymonkey.com/r/WarsopCommunitySurvey.

Visit www.mansfield.gov.uk/livingwellwarsop for further information.

Mayor's 500 Fund

Executive Mayor Andy Abrahams has launched a scheme to support community projects in Mansfield district.

In his first major initiative since being elected, the Mayor is donating 30% of his annual allowance to the Mayor's 500 Fund, which aims to support 24 projects each year.

Three times a year groups, charities and individuals will be able to apply for a £500 grant to support projects in their area. The funding can be used for revenue or capital projects but it must bring direct benefit to the community. The grant can be used for things such as running costs and technology, materials and events.

The fund will be administered by the council's finance team and approved by a panel of officers and the Mayor. Grants will be paid in September, January and May. The first round of applications is now open.

For more information and to apply, visit www.mansfield.gov.uk/mayors500fund.

Three times a year groups, charities and individuals will be able to apply for a £500 grant to support projects in their area.

Get ready for The Full Shebang

A giant semi-circular see-saw, high-wire acrobatics, and model making with the creatives behind Wallace and Gromit are just some of the extraordinary things you'll be able to experience as part of a brand new festival coming to Mansfield this September.

Taking place on 7 September, The Full Shebang, produced by First Art, hopes to attract people to come and enjoy something completely different and experience world-class performances right in the heart of the town.

A range of spectacular shows will take place in dedicated outdoor spaces in and around Mansfield Market, while popular venues including Mansfield Museum, The Old Library, and Four Seasons Shopping Centre will open their doors to host performances and workshops. Most of the performances and activities will be free.

Mansfield Shebang is supported by the National Lottery through Arts Council England, Without Walls Touring Network Partnership, Mansfield District Council and Mansfield BID.

See www.firstart.org.uk for more details.

Free business advice in Mansfield

The first in a series of monthly business surgeries will take place on Thursday 1 August.

Newly-started and established businesses are invited to book a slot to receive a wide range of support to help them to grow and succeed.

Invest Ashfield and Mansfield, the council's shared regeneration service, is working in partnership with NBV Enterprise Solutions and other business organisations to host the one-stop shop at the Civic Centre.

The surgeries are aimed at new and small businesses, which have the greatest need for support and face the greatest risk of failure without professional guidance.

Among the support available will be advice on matters such as planning, environmental health, business rates, licensing, grant funding, commercial property searches, free training and networking opportunities.

Slots are available between 9.30am and 2.45pm on Thursday 1 August or Thursday 5 Sept.

To book, email Fardad Amirsaeedi on famirsaeedi@mansfield.gov.uk.

Plastic pollution

We are more aware than ever of the damage single-use plastics cause to our environment.

This is partly thanks to programmes such as David Attenborough's Blue Planet highlighting the threat to our oceans and wildlife.

As a result of the public outcry, many pubs and restaurants have stopped providing plastic straws and shops and supermarkets are reducing their packaging.

If in doubt, leave it out

We all have a duty to reduce the amount of plastic waste we produce and recycle more.

At home you can recycle paper, cardboard, tins, cans, plastic bottles (without their lids), plastic yoghurt pots and margarine tubs by putting these

in your blue bin. Items should be empty, clean and dry.

All homes across Nottinghamshire (with the exception of Nottingham City) recycle these same items. They are agreed by the waste disposal authority Nottinghamshire County Council and their waste contractor Veolia.

If you aren't sure if something is recyclable, please don't put it in your recycling bin. Put it in your green household waste bin. This will ensure that entire lorry loads of recyclable waste are not rejected due to contamination.

If you aren't sure if something is recyclable, please don't put it in your recycling bin.

Facts and figures

Mansfield district has one of the lowest recycling rates in Nottinghamshire. Since 1 March, five bin lorry loads of recyclable waste have been rejected at the recycling plant due to contamination and sent for incineration. This is a total of 76.5 tonnes of waste.

Our aim is for no more than 5% of our district's recycling waste to be contaminated but in May the figure was as high as 13.9%.

In May, the most commonly found non-recyclable items in the blue bins included:

7.62 tonnes
of plastic pots, trays
or other packaging

3.66 tonnes
of food waste

2.68 tonnes
of plastic bags

2.06 tonnes
of Tetra Pak
(juice cartons)

Pizza boxes cannot be recycled

Card payments make perfect scents

A market trader has become the first stallholder on Mansfield market to start accepting payments by card.

Manny Giaccone's perfume stall, which trades on Saturdays, started offering card payments in June. He says that it makes commercial sense as buying habits have changed.

"A lot of people don't carry cash now so paying by card is more convenient for them," he said. "They also tend to spend a bit more with a card."

His perfume stall has been trading for three years and has gone from strength to strength.

"We've built up a loyal customer base in Mansfield who like what we sell," he said

Any traders that wish to offer card payments can get advice from the Town Centre Management team. Email markets@mansfield.gov.uk or call 01623 463073.

Payback Update boost for parks

Convicted offenders have been paying back for their crimes by working with Mansfield District Council on grounds maintenance projects in Mansfield Woodhouse.

Derbyshire, Leicestershire, Nottinghamshire and Rutland Community Rehabilitation Company community payback teams have been attending for one day a week at the Manor Sports Complex and two days a week at Yeoman Park since April and are due to start work at Racecourse Park in Mansfield.

At Manor they have been clearing weeds and over hanging branches in the car park and tidying the paths. They have also painted the interior and exterior of the bowling pavilion. At Racecourse Park they will be giving the interior of the changing rooms a new look.

Could you be a Friend?

A new Friends group has been set up for Bull Farm Park. Friends' groups play a major part in helping to keep the council's parks, open spaces and local nature reserves clean and tidy. They can also access funding for improvements. If you'd like to start a Friends' group at your local park or find out how to support one, please contact our Parks team on **01623 463510**.

The council is reminding residents to be aware of the dangers that fire can cause the natural environment a year after a devastating blaze damaged about 60% of Oak Tree Heath. A 50th Anniversary Celebration

MAN ON THE MOON

In July 1969 Neil Armstrong took mankind's first steps on the Moon and uttered his now iconic line: 'That's one small step for man, one giant leap for mankind.'

This is an even more amazing achievement when you realise that in the 50 years since, just 12 people have walked on the Moon. Mansfield and Sutton Astronomical Society is working with the Museum to celebrate this anniversary.

It was not until the start of the 20th century that technology made a trip to the Moon more than just a flight of fancy.

At the end of the war, Allied forces captured many German rockets, factories and scientists. Both the USA and the Soviet Union used these assets to advance the space race in the 1950s and 1960s.

As always there will be lots for children to do and a programme of hands-on science activity workshops.

The exhibition opens on Saturday 20 July so come along over the summer to find out about all things space related.
