

Wellbeing walk

When you go out for a walk in your local area, try and see how many of these different items you can spot. You could take a pen or pencil with you, to keep track of how many you spot using the grid below.

|            | Record how many you spot<br>here. |             | Record how many you spot<br>here. |
|------------|-----------------------------------|-------------|-----------------------------------|
| Dandelions |                                   | Butterflies |                                   |
| Ladybirds  |                                   | Robin       |                                   |
| Oak tree   |                                   | Bee         |                                   |
| Daisy      |                                   | Pine cone   |                                   |
