Page intentionally blank

1 Introduction

- 1.1 Planning law and policy recognises that it is reasonable to expect developers to contribute towards the costs of services, infrastructure or resources that would not have been necessary but for their development.
- 1.2 The 1990 Town and Country Planning Act (as amended by the Planning and Compensation Act 1991) established the statutory framework for developer contributions in the form of Section 106 planning obligations. The Act provides that a planning obligation may:
- be unconditional or subject to conditions;
 - impose any restriction or requirement for an indefinite or specified period; and
 - provide for payments of money to be made, either of a specific amount or by reference to a formula, and require periodical payments to be paid indefinitely or for a specified period.
- 1.3 Any contributions sought by the district council or other organisation must be in accordance with 3 statutory tests¹:
- necessary to make the proposed development acceptable in planning terms;
 - directly related to the proposed development; and
 - fairly and reasonably related in scale and kind to the proposed development.
- 1.4 There are however, certain circumstances where planning obligations should not be sought:
- *planning obligations for affordable housing should only be sought for residential developments that are major developments. For residential development, major development is defined in the National Planning Policy Framework as development where 10 or more homes will be provided, or the site has an area of 0.5 hectares or more. For non-residential development it means additional floorspace of 1,000 square metres or more, or a site of 1 hectare or more;*
 - *planning obligations should not be sought from any development consisting only of the construction of a residential annex or extension to an existing home. (Paragraph 23, Planning Practice Guidance 2019 <https://www.gov.uk/guidance/planning-obligations>)*

¹ <https://www.legislation.gov.uk/ukxi/2010/948/regulation/122/made>

- 1.5 The district council currently seeks and secures financial and physical planning obligations for affordable housing, green / blue infrastructure², open space, playing pitches, allotments and public art / public realm. In addition, obligations are sought and secured by other organisations. For example Nottinghamshire County Council (NCC) for highways, education, NCC green space, libraries, waste management and recycling. These are paid directly to the county council. NHS Nottingham and Nottinghamshire Integrated Care Board³ (formerly the Clinical Commissioning Group) seek obligations towards the provision of new and improved health facilities.
- 1.6 Following changes that were made to the Community Infrastructure Levy (CIL) Regulations in September 2019, the district council is required to publish an "Infrastructure Funding Statement (IFS)". This sets out a range of information about planning obligations including:
- the amount of monies to be provided under any planning obligations signed during the reported year;
 - the amount of monies collected during the reported year;
 - the amount of monies spent during the reported year, including on what project; and
 - the amount of monies received but not allocated to a project over the reported year.
- 1.7 The table below provides a summary of these monitoring indicators for the reported year 2021/22. Full details are set out in section 3 of the IFS that commences at page 14.

Table summarising IFS monitoring indicators for 2021/22

Indicator	Monetary / Non-Monetary Value
Total amount of money to be provided under any Planning Obligations during the reported year.	£304,414.87
Total amount of money received under any planning obligation during the reported year.	£85,511.06
Total amount of money received under any Planning Obligations received before the reported year and not allocated.	£58,618.78
Summary of details of any non-monetary contributions under Planning Obligations entered into during the reported year:	

² Blue infrastructure refers to water elements, like rivers, canals, ponds, wetlands, floodplains, water treatment facilities

³ Further information about the ICB is available at <https://notts.icb.nhs.uk/>

Indicator	Monetary / Non-Monetary Value
Affordable housing	65 units will be provided
Number of school places	Reported by Nottinghamshire County Council.
Total amount of money received under any planning obligations that was allocated but was not spent during the reported year.	£1,183,037.87
Total amount of money received under any planning obligations that was spent by the authority (including transferring it to another person to spend).	£268,647.36
Money received under planning obligations that was allocated by the authority but not spent during 2021/22.	£1,183,037.87
Money received under planning obligations which was spent by the authority during 2021/22 (including transferring it to another person to spend), summary details of items of infrastructure on which the money was spent:	
Green Space	£84,969.82
Affordable Housing	£183,677.54
Health	£0 (Zero)
Amount of money spent on repaying money borrowed	£0 (Zero)
Amount of money received under Planning Obligations spent in respect of Monitoring	£275.00
Amount of money received under any planning obligation during any year retained at the end of the reported year	£1,241,656.65
Estimated future income from planning obligations (including monitoring fees)	£9,653,959.62 and 522 Affordable Housing Units

- 1.8 In addition, the IFS is required to include information about the infrastructure projects or types of infrastructure that the council intends to fund, either wholly or partly, by planning obligations. As part of this, the council are required to set out their future spending priorities on infrastructure.⁴

⁴ Further information about the information which should be contained in the IFS can be found at: <https://www.gov.uk/guidance/community-infrastructure-levy#para176>

- 1.9 There is also a separate requirement within the National Planning Practice Guidance⁵ for local authorities to publish monitoring information on the legal agreements signed within the financial year along with the details of the contributions within these agreements and the transactions that have taken place.
- 1.10 As noted in paragraph 1.7, this Infrastructure Funding Statement covers the period 2021/22 (1 April – 31 March). In addition to this introduction there are four further sections:-
- section 2 sets out the district council's approach to planning obligations and provides an update on a number of Supplementary Planning Documents (SPD's) that have / are being produced;
 - section 3 sets out tables containing the 2021/22 monitoring data along with supporting commentary and photographs of some of the infrastructure funded by planning obligations;
 - section 4 sets out the district council's priorities for spending future contributions; and
 - section 5 sets out where more detail about the district council's IFS and its wider approach to planning obligations can be found.
- 1.11 The information within this report is updated annually and is made available on the district council's website. This is to meet the requirements of National Planning Practice Guidance⁶ and to ensure that the most up to date information on the planning obligations secured, received and spent is available to the public, developers and agents.
- 1.12 The information provided on planning obligations is based on a snapshot at a given point in time and is therefore subject to change. It is based upon the most up to date information that was available at the point of publication of the IFS (January 2023).

2 Mansfield District Council Approach to Planning Obligations

Adopted Mansfield District Local Plan (2020)

- 2.1 On 8th September 2020, the Mansfield District Local Plan⁷, which covers the period from 2013 – 2033, was adopted at a meeting of its Full Council.

⁵ <https://www.gov.uk/guidance/publish-your-developer-contributions-data>

⁶ Paragraph: 032 Reference ID: 23b-032-20190901 <https://www.gov.uk/guidance/planning-obligations>

⁷ <https://www.mansfield.gov.uk/local-plan/adopted-local-plan-2013-2033>

2.2 The Local Plan is a district wide development plan that replaces in its entirety the former Mansfield District Local Plan 1998 which was 'saved' in part under the Planning and Compulsory Purchase Act 2004. The National Planning Policy Framework (NPPF⁸) requires every local planning authority in England to have a clear, up to date Local Plan, which conforms to the framework, meets local development needs, and reflects local people's views of how they wish their community to develop.

2.3 The Local Plan:-

- sets out an ambitious but realistic vision for the district in 2033 together with objectives which policies must address to ensure that key planning issues are tackled;
- sets out the spatial strategy for the district, which includes the overall levels of growth and where development sites for new homes and jobs will be located;
- is a key tool for delivering the long term regeneration of the Mansfield and Market Warsop urban areas including enhancement of the town and district centres with new shopping, leisure, housing and economic development, and improvements to the area's physical and social infrastructure;
- contains policies to improve the natural and built environment, and to mitigate and adapt to climate change by, amongst other things, protecting and enhancing the area's network of strategic green infrastructure;
- provides positive policies to make for more sustainable patterns and forms of development across the district which aim to improve the overall quality of life for residents, workers and visitors through development management decisions; and
- consists of a written statement which sets out and explains the council's planning policies, and the policies map which shows where they apply. Together they identify land to be developed or protected during the lifetime of the plan.

2.4 There are a number of policies within the Local Plan that cover infrastructure delivery. Further details about these are set out in figures 1 and 2 on page 6.

2.5 The Local Plan forms part of the overall 'development plan' for the district together with:-

- Nottinghamshire Waste Core Strategy;
- Nottinghamshire Minerals Local Plan (or any replacement); and
- Any 'made'/ adopted Neighbourhood Development Plans.

⁸ <https://www.gov.uk/guidance/national-planning-policy-framework>

- 2.6 Further details about the Local Plan, including a copy of the document and the accompanying policies map can be found at <https://www.mansfield.gov.uk/local-plan/adopted-local-plan-2013-2033>

Figure 1 – Mansfield District Local Plan Policy IN1 – Infrastructure Delivery

Policy IN1 - Infrastructure delivery

1. All development proposals will be expected to:
 - a. meet all reasonable costs associated with new infrastructure required as a consequence of the proposal;
 - b. where appropriate, contribute to the delivery of necessary related infrastructure to enable the cumulative infrastructure impacts of developments to be managed, including identified transport infrastructure requirements;
 - c. provide for the future maintenance of facilities delivered as a result of the development; and
 - d. where appropriate and necessary, enter into clawback agreements.
2. When determining the nature and scale of any planning obligations sought, account will be taken of any evidence of viability, specific site conditions, priorities in the Infrastructure Delivery Plan and other material considerations.
3. Where appropriate, developer contributions will be pooled to allow the provision of strategic infrastructure that will serve more than one scheme.

Figure 2 – District Plan policies providing justification for planning obligations

- H1 – Housing allocations
- H4 – Affordable housing
- E2 – Sites allocated as new employment areas
- RT4 – Mansfield town centre improvements
- RT5 – Accessing Mansfield town centre
- SUE1 – Pleasley Hill Farm
- SUE2 – Land off Jubilee Way
- IN2 – Green infrastructure
- IN4 – New community open space and outdoor sports provision, and
- IN8 – Protecting and improving the sustainable transport network

Mansfield District Infrastructure Delivery Plan (IDP) – June 2018

- 2.7 The Mansfield Infrastructure Delivery Plan (IDP) was prepared in consultation with the relevant infrastructure providers and adjacent local authorities. It identifies the infrastructure requirements for the Mansfield district that will be necessary to support the planned growth proposed within the adopted Local Plan. These are based on the following infrastructure topic areas:-
- flood risk;
 - green infrastructure;
 - socio-economic infrastructure;
 - transport;
 - utilities; and
 - waste management
- 2.8 The infrastructure requirements, which are set out in appendix A of the IDP (along with appendix 9 of the Local Plan), are based upon the following geographic areas of the district:-
- District wide;
 - Mansfield urban area;
 - Pleasley;
 - Mansfield Woodhouse;
 - Forest Town;
 - Warsop; and
 - Church Warsop & Meden Vale.
- 2.9 In addition to the infrastructure requirements, the IDP sets out:-
- existing infrastructure provision;
 - existing infrastructure capacity;
 - the additional demands that planned growth will place on existing infrastructure; and
 - infrastructure delivery costs and responsibilities.
- 2.10 The IDP will be updated on a regular basis; this process includes consulting with Warsop Parish Council, organisations such as public transport providers, emergency services, utility companies, business associations, the development industry, and other providers of services such as the highway authority, education and social services. The district council also liaises with a number of organisations in relation to cross boundary matters and with neighbouring local authorities. The IDP can be viewed at

<https://www.mansfield.gov.uk/downloads/file/551/mansfield-infrastructure-delivery-plan-2018>

Adopted Planning Obligations Supplementary Planning Document (SPD)

- 2.11 Mansfield District Council is committed to delivering sustainable communities that are safe, healthy and inclusive. To help achieve this, the district council expects that, where justified and based on evidence of need, new development should provide or contribute directly towards the provision of necessary infrastructure and affordable housing to mitigate the impact of the scheme being proposed.
- 2.12 The district council have produced a Planning Obligations Supplementary Planning Document (SPD) that expands on the approach to planning obligations that is set out in Policy IN1 (Infrastructure delivery) of the Adopted Mansfield District Local Plan 2013 – 2033. The policy is reproduced in Figure 1 on page 6.
- 2.13 A number of other district wide Local Plan policies also provide specific justification for planning obligations and the use of planning conditions that might be required to make a development acceptable in planning terms and are relevant to the SPD. These are set out in figure 2 on page 6.
- 2.14 The SPD covers the administrative area of the district council. The services for which the district council may seek planning obligations are:
- **affordable housing** - this will be addressed in a separate SPD (see below). This will include the council's position on First Homes;
 - **biodiversity net gain** - the approach for calculating this will be set out in a separate SPD (see below). Further guidance on this is currently awaited from the government;
 - **green infrastructure** - including blue / green infrastructure, on-site and off-site community open space, playing pitches and allotments (there will also be separate green infrastructure SPD); and
 - **public realm / public art.**
- 2.15 NHS Nottingham and Nottinghamshire Integrated Care Board, which replaced the former NHS Nottingham West Clinical Commissioning Group) (CCG) may seek contributions towards health infrastructure. Details about the approach to seeking such provision is included in section 8 of the SPD.
- 2.16 During the monitoring period, consultation took place on the Draft Planning Obligations SPD for a period of 6 weeks from 31 January to 14

March 2022. The SPD was subsequently adopted at a meeting of Council on 20 September. The SPD (along with the Adoption Statement and Consultation Statement) can be viewed on the council's website www.mansfield.gov.uk/spd. Paper copies of the adopted SPD are available at the Civic Centre and county libraries within the district (along with Clipstone and Rainworth) during normal opening hours. Queries relating to the adopted SPD can be sent to lp@mansfield.gov.uk or by calling 01623 463 463. The SPD should be read alongside the Adopted Mansfield District Local Plan, Mansfield District Affordable Housing SPD (see below) along with other relevant SPDs and Nottinghamshire County Council's Developer Contributions Strategy.

2.17 Nottinghamshire County Council may seek planning obligations for:-

- education;
- NCC green space;
- libraries;
- transport; and
- waste management.

2.18 Detailed information about these is set out in the county council's Developer Contributions Strategy that was updated in December 2021 and can be viewed at <https://www.nottinghamshire.gov.uk/planning-and-environment/general-planning/planning-obligations-strategy>. To ensure that developers and agents have access to the most up to date position, the district councils Planning Obligations SPD provides a direct link to this document.

Draft Affordable Housing SPD

2.19 As required by the NPPF, the Adopted Mansfield District Local Plan has made sufficient provision for housing including affordable housing and ensured that the level and type of affordable housing required from development is clear. This is contained in Policy H4 that is reproduced in Figure 3 on page 10.

2.20 The district council have prepared and previously consulted on a Draft Affordable Housing SPD. It sets out in detail how the Local Plan policy will be implemented and, on adoption will be used when considering and determining planning applications. The SPD has been revised to take account of the introduction of First Homes⁹ and includes an updated approach for calculating commuted sums for off-site affordable housing

⁹ <https://www.gov.uk/guidance/first-homes>

provision. It is currently subject to a further 6-week period of public consultation that runs from 9 January to 20 February 2023. Information about the consultation is available at:- <https://mansfield-consult.objective.co.uk/kse>. The Council expect to adopt the SPD in the summer of 2023. A further update will be included in next year's IFS.

Figure 3 – Mansfield District Local Plan Policy IN4 – Affordable Housing

Affordable housing

1. The proportions of affordable housing required on market housing sites are:
 - a. within Zone 1 (as shown in Appendix 6):
 - i. 10% on greenfield land; or
 - ii. 5% on brownfield land.
 - b. within Zone 2 (as shown in Appendix 6):
 - i. 20% on greenfield land; or
 - ii. 10% on brownfield land.
2. These proportions apply to sites of:
 - a. 10 or more dwellings; or,
 - b. where the site area is 0.5 hectares or more.
3. The council will consider the type of property and tenure in relation to identified needs.
4. Off-site commuted sums of an equivalent value may be made in lieu of on-site provision (in total or in part) where on-site provision is satisfactorily demonstrated not to be justified or where such off-site contributions can be shown to contribute to the successful development of other affordable housing and or regeneration schemes within the district.
5. Proposals which do not meet the above policy requirements will only be acceptable, where it is satisfactorily demonstrated, that a different level or mix of affordable housing is required to make the development viable and the approach contributes towards creating mixed and balanced communities.

Draft Sustainable Drainage SPD

- 2.21 During the monitoring period, work was undertaken on the preparation of a Sustainable Drainage SPD. This document seeks to add further detail to policies contained within the Local Plan. In particular, the SPD seeks to elaborate on the 'Sustainable drainage systems' policy (CC3) but will also add further detail to policies CC2 (Flood risk); IN2 (Green infrastructure); and NE2 (Bio-diversity net gain).
- 2.22 The SPD is designed to assist prospective developers and applicants by providing guidance on how proposals can demonstrate they have met the requirements of planning policy related to Sustainable Drainage Systems (SuDS) in the Mansfield district. The SPD seeks to increase certainty in relation to the delivery of SuDS in the development process and ensure that their delivery and subsequent maintenance is based on a clear and consistent approach.
- 2.23 The SPD seeks to align with, and complement, the 'Bio-diversity Net Gain' and 'Green Infrastructure' SPDs that are being prepared to set out guidance to ensure Mansfield district strives to deliver green development. It should also be read in conjunction with the district council's Planning Obligations SPD (see paragraphs 2.11 – 2.18 above).
- 2.24 Following a period of public consultation (which took place between 29 July and 12 September 2022), it is anticipated that the Council will adopt the SPD during the 2022/23 monitoring period. A further update will be provided in next year's IFS.

Draft Biodiversity Net Gain SPD

- 2.25 During the monitoring period, work was undertaken on the preparation of a Biodiversity Net Gain SPD. The SPD seeks to elaborate on the Biodiversity policies contained within the Local Plan (NE2 - Biodiversity and geodiversity and CC4 - River and waterbody corridors). The document will provide more detailed guidance when planning applications are submitted or are being developed. The SPD does not form part of the adopted development plan but on adoption will be a material planning consideration in decision taking.
- 2.26 This SPD is designed to assist prospective developers and applicants by providing guidance on how proposals can demonstrate they have met the requirements of planning policy related to biodiversity net gain within the district. The SPD seeks to increase certainty in relation to Biodiversity Net Gain (BNG) in the development process and ensure that BNG provision is

based on a clear and consistent approach.

- 2.27 A 6-week period of public consultation is currently taking place from 9 January to 20 February 2023. Information about the consultation is available at <https://mansfield-consult.objective.co.uk/kse>. The Council expect to adopt the SPD in the summer of 2023. A further update on progress will be provided in next year's IFS.

Draft Green Infrastructure SPD

- 2.28 The fourth SPD that has seen work undertaken during the monitoring period is that relating to green infrastructure (GI). Like the other SPDs, it seeks to add further detail to policies contained within the adopted Local Plan, in particular IN2 (Green infrastructure). It will also add detail to policies: IN3 (Protection of community open space and outdoor sports provision); IN4 (New community open space and outdoor sports provision); IN5 (allotments) and IN6 (Designated local green space).
- 2.29 Other policies in the Local Plan that refer to the provision of green infrastructure include; S4 (Urban regeneration); P4 (Comprehensive development); P5 (Climate change and new development); CC1 to CC4 (Climate change policies) and various development site allocations.
- 2.30 The draft SPD is designed to assist prospective developers and applicants by providing guidance on how proposals can demonstrate they have met the requirements of the above policies. The SPD seeks to increase certainty in relation to GI in the development process and ensure that GI provision, protection and maintenance is based on a clear and consistent approach.
- 2.31 The SPD is aligned with the Draft Biodiversity Net Gain SPD in so far as new GI can help to secure improvements in biodiversity and new areas of biodiversity can form part of a wider area of GI. It should also be read in conjunction with the district council's Planning Obligations SPD.
- 2.32 It is expected that consultation on the draft SPD will take place during 2023. A further update will be provided in next year's IFS.

Publishing monitoring information about obligations for infrastructure requested by Nottinghamshire County Council

- 2.33 As stated in paragraphs 2.17 and 2.18 above, as well as planning obligations secured for Mansfield District Council infrastructure, Nottinghamshire County Council may seek planning obligations for a

range of things including highways, public transport, education, NCC green space and libraries.

- 2.34 Where legal agreements contain obligations for such infrastructure, the county council will be a signatory to the agreement and financial obligations will be paid direct to them.
- 2.35 Therefore, for the purposes of the complying with the CIL Regulations, the district council has not published details of the county council obligations. This is because it (the district council) has not received them. Instead, this information can be found in the county council's IFS which can be viewed on it's website at <https://www.nottinghamshire.gov.uk/planning-and-environment/general-planning/infrastructure-funding-statement>

Monitoring Fees

- 2.36 The council will track compliance with each provision contained in a legal agreement as a development proceeds. This is to ensure that payment of financial contributions and delivery of infrastructure is in accordance with the terms in the agreement.
- 2.37 The Community Infrastructure Levy (Amendment) (England) (No.2) Regulations 2019 allow local authorities to charge a monitoring fee through Section 106 planning obligations, to cover the cost of the monitoring and reporting on delivery of that section 106 obligation as described above. Monitoring fees can be used to monitor and report on any type of planning obligation, for the lifetime of that obligation. However, monitoring fees should not be sought retrospectively for historic agreements.
- 2.38 The regulations allow monitoring fees to be either a fixed percentage of the total value of the section 106 agreement or individual obligation; or could be a fixed monetary amount per agreement obligation; or authorities may decide to set fees using other methods. However, in all cases, monitoring fees must be proportionate and reasonable and reflect the actual cost of monitoring¹⁰.
- 2.39 Mansfield District Council will require a contribution towards the monitoring and administrative costs of doing these tasks. The fee per agreement is a minimum of £270 or 2% of the total financial contribution, whichever is the greater. For large-scale residential developments (150

¹⁰ <https://www.gov.uk/guidance/planning-obligations>

units or more) monitoring fees will be negotiated on an individual basis. Further information about the monitoring of planning obligations and the fee that will be sought for this is contained within paragraphs 3.51 - 3.54 of the adopted Planning Obligations SPD (link in paragraph 2.16 above).

- 2.40 As part of the CIL regulations, there is a requirement to provide information about the monies spent in respect of monitoring in the reported year. Where this occurs, the information will be summarised in section 3, part h) iii) of the IFS and will include the planning application(s) to which the monies relate to.

3 2021 / 22 Monitoring Data

- 3.1 This section of the IFS sets out the monitoring information which local authorities are required to publish as set out in the Paragraph: 174 (Reference ID: 25-174-20190901) of the CIL element of the Planning Practice Guidance¹¹ and under Schedule 2, Clause 3 of the 2019 CIL Regulations¹². In terms of the latter, this is set out in the order in which it appears in the regulations. Where appropriate, commentary on the specific elements is included along with any cross references to other tables.

Planning Practice Guidance Data

Section 106 agreements signed during 2021/22

- 3.2 The table on pages 15 and 16 confirms that eight legal agreements were signed over the monitoring period, including two unilateral undertakings. Of the eight agreements, five were related to sites that are either allocations or commitments within the adopted Local Plan, namely:-

- Policy H1d - Three Thorn Hollows Farm (application 2020/0182/OUT);
- Policy RT6a - Former bus station, Stockwell Gate North, Mansfield (application 2020/0210/FUL);
- Policy H2 – Land at Wood Lane, Church Warsop (application 2020/0507/FUL);
- Policy H2 – Land at Sandhurst Quarry, Mansfield (application 2020/0535/FUL); and
- Policy H2 – Bath Mill, Bath Lane, Mansfield (application 2020/0068/FUL).

¹¹ [Community Infrastructure Levy - GOV.UK \(www.gov.uk\)](https://www.gov.uk)

¹² [The Community Infrastructure Levy \(Amendment\) \(England\) \(No. 2\) Regulations 2019 \(legislation.gov.uk\)](https://legislation.gov.uk)

Table showing Section 106 agreements signed during 2021/22 reporting period.

Planning Application Reference	Date Signed	Address	Details	Financial Contribution	Non-Monetary Contribution
2020/0458/FUL	14/07/2021	Thoresby Street, Wood Street, Lindley Street, Mansfield	On Site Affordable Housing		9 Units (100%)
2020/0182/OUT	22/07/2021	Three Thorn Hollow Farm, Rainworth	On Site Affordable Housing		20 units (10%)
			Health Contribution	£108,375.00	
			On Site Public Open Space		Minimum Area of 10% of the site
			Off Site Ecology Contribution	£8,000.00	
			Monitoring Fee	£10,000.00	
2020/0147/FUL	01/09/2021	Portland Mill, Victoria Street, Mansfield	Health Contribution	£43,433.00	
			Monitoring Fee	£868.66	
2020/0210/FUL	17/09/2021	Old Bus Station Site, Stockwell Gate, Mansfield	Unilateral Undertaking		Unit 4 not to be brought into use until Units 2 and 3 have been constructed.

Planning Application Reference	Date Signed	Address	Details	Financial Contribution	Non-Monetary Contribution
2020/0507/FUL	30/09/2021	Wood Lane, Church Warsop	On Site Affordable Housing		30 units (100%)
2020/0351/OUT	28/11/2021	Railside, Helmsley Road, Rainworth	Unilateral Undertaking		To relinquish Industrial Use on the land
2020/0535/FUL	06/01/2022	Sandhurst Quarry, Mansfield	On Site Affordable Housing		6 Units (8%)
			Off Site Public Open Space	£80,300.00	
			Health Contribution	£39,556.87	
			Bio-Diversity Obligation	£11,250.00	Bio-Diversity Off Setting Contribution
			Bio-Diversity Obligation		Bio-Diversity Off Setting Scheme
2020/0068/FUL	17/02/2022	Bath Mill, Bath Lane, Mansfield	Green Corridor Contribution	£13,500.00	
			Monitoring Fee	£275.00	
Total				£315,558.53	65 Affordable Housing Units

S106 data - CIL regulations.

- 3.3 As stated in paragraph 2.34, S106 monies for Nottinghamshire County Council (NCC) infrastructure are paid direct to the county council. Therefore, a £0 (zero) figure will be seen in the forthcoming tables. Further information about these contributions can be found in the county councils IFS, which can be viewed using the link, set out in paragraph 2.35.

a) Total amount of money to be provided under any planning obligations which was entered into during 2021/22

- 3.4 As can be seen in the table below, just over three hundred thousand pounds has been secured from the eight legal agreements signed during 2021/22. This is a significant drop (59%) when compared to the previous year. Alongside this, the amount secured purely for Mansfield District Council (MDC) infrastructure (£113,050) is also significantly lower than that secured in 2020/21 (£668,600). It should be noted that the figures below do not include monies secured for monitoring (£11,143.66) as this cannot be used for infrastructure provision. The obligations secured will contribute to the future income that is reported in paragraphs 3.16 – 3.20 below.
- 3.5 It should be noted that of the eight legal agreements referred to above, two of them did not include any contributions for MDC infrastructure. In the case of application 2020/0147/FUL, a contribution was secured for improvements to health provision. This will be spent and administered by the ICB. In terms of application 2020/0351/OUT, there was a unilateral agreement that related to the use of the land.

Breakdown by purpose	Amount
Affordable Housing	£0.00
Green Space	£113,050.00
Sports Provision	£0.00
Public Art	£0.00
Education	£0.00
Highways	£0.00
Travel Plans	£0.00
Health	£191,364.87
TOTAL	£304,414.87

b) Total amount of money received under any planning obligation in 2021/22

- 3.6 Looking at S106 activity in 2021/22, the district council received a total of £85,511.06 all of which was for district council infrastructure. This is significantly lower (87%) when compared to last year when the amount received purely for MDC infrastructure was £634,098.36.

Breakdown by purpose	Amount
Affordable Housing	£26,112.08
Green Space	£59,398.98
Sports Provision	£0.00
Public Art	£0.00
Education	£0.00
Highways	£0.00
Travel Plans	£0.00
Health	£0.00
Monitoring	£0.00
TOTAL	£85,511.06

c) Total amount of money under any planning obligation received prior to 2021/22 which has not been allocated by the authority

- 3.7 As can be seen in the table below; the monies that have been received but not allocated prior to this monitoring period relate solely to those for green space. This is a slight decrease on the previous year's figure, which was £60,780.24.

Breakdown by purpose	Amount
Affordable Housing	£0.00
Green Space	£58,618.78
Sports Provision	£0.00
Public Art	£0.00
Education	£0.00
Highways	£0.00
Travel Plans	£0.00
Health	£0.00
TOTAL	£58,618.58

d) Non-monetary contributions to be provided under planning obligations which were entered into during 2021/22

- I. Affordable housing – 65 units will be provided.
- II. Number of school places – This information is reported by Nottinghamshire County Council in its IFS.

e) Total amount of money received under any planning obligations which was allocated but was not spent during 2021/22

- 3.8 This relates to monies which the district council has received and which has been allocated to a specific project, but at this stage is yet to be spent. As can be seen in the table below, significant amount of monies have been received for both affordable housing and green space that has yet to be spent. The table in part g) on pages 20 – 22 provides a breakdown of the specific projects on which these monies will be spent.

Breakdown by purpose	Amount
Affordable Housing	£749,948.25
Green Space	£433,089.62
Sports Provision	£0.00
Public Art	£0.00
Education	£0.00
Highways	£0.00
Travel Plans	£0.00
Health	£0.00
TOTAL	£1,183,037.87

f) Total amount of money received under any planning obligations which was spent by the authority (including transferring it to another person to spend)

- 3.9 As well as reporting on the total amount of contributions the council has received through planning obligations, it is also useful and a requirement to include information on the amount of monies spent and this is set out in the table on page 20. As can be seen, 68% of the total was spent on affordable housing and 32% on green space. The split is slightly less proportionate when compared to the previous year when 51% of monies was spent on affordable housing and 49% on green space. Further information about the specific projects on which the contributions were spent is set out under point h) i) in paragraph 3.11 below.

Breakdown by purpose	Amount
Affordable housing	£183,677.54
Green space	£84,969.82
Sports provision	£0.00
Public art	£0.00
Education	£0.00
Highways	£0.00
Travel plans	£0.00
Health	£0.00
TOTAL	£268,647.36

g) Money received under planning obligations which was allocated by the authority but not spent during 2021/22, summary details of the items of infrastructure on which the money has been allocated, and the amount of money allocated to each item.

3.10 The table below expands on the information provided in part e) (paragraph 3.8) above. The monies relate to either green space or affordable housing. On the left of the table is the application number to which these contributions relate. Further information about the schemes that have generated the contributions is obtainable by using the application search facility on the district council's website: <https://planning.mansfield.gov.uk/online-applications/>

Planning Application Reference	Commitment Details	Amount committed but not spent
2000/1031/ET	Thorpeland Avenue and Butterwick Close Public Open Space (POS) Maintenance	£2,149.60
2001/0604/ET	New Mill Lane POS Maintenance	£32,620.00
2003/1090/ET	Holly Road POS Maintenance	£1,314.19
2006/0115/NT	Thoresby Road POS Maintenance	£16,738.53
2007/1125/NT	Extend Wildflower Meadow and 2x Notice Boards at Yeoman Hill Park, Mansfield Woodhouse	£27,948.88
2008/0287/ST	King George V Park Maintenance	£9,982.28
2008/0056/NT	Upgrading of Lark Hills Open Space	£9,053.19
2010/0349/NT	The Wickets POS Maintenance	£26,461.02
2008/0862/ST	Outdoor gym equipment at Chesterfield Road Park	£47.00

Planning Application Reference	Commitment Details	Amount committed but not spent
2013/0482/ST	King George V Park New Woodland Footpath	£605.72
2014/0297/ST	Bull Farm Park Footpath Link Improvements	£60.00
2013/0555/ST	Jacksons Field Tree Planting	£43.04
2012/0316/NT	Footpath and access improvements on Lark Hills Open Space	£3,897.61
2014/0696/ST	Improvements to footpath links, picnic area, signage, wildflower areas and habitat improvement at Quarry Lane Local Nature Reserve (LNR)	£12,426.05
2016/0005/ST	Resurfacing of Multi Use Games Area (MUGA) at Chesterfield Road Park	£599.93
2015/0395/ST	Hard and soft landscaping around the main pavilion at Titchfield Park	£7,991.57
2017/0070/FUL	Improvement of entrances, biodiversity, landscaping including tree planting, install litterbins and benches, site-specific signage and information panels at Wainwright Avenue Open Space.	£12,100.00
2016/0003/NT	Installation of a trim trail/fitness equipment at Queensway Park	£16,283.29
2014/0147/ST	Improvement of play equipment, fitness and recreation provision at Woburn Lane Open Space. Improvement of entrances and access points at Water Lane Allotments. Improvement of footpaths, landscaping and play provisions at Bull Farm Park	£98,178.88
2016/0468/ST	Tree planting, provision of benches, picnic area, landscaping and additional play/trim trail at Ladybrook Park	£10,899.03
2012/0226/NT	Improving Access Points at Quarry Lane LNR	£10,093.49
2017/0738/FUL	Rosemary Avenue and Bellamy Road MDC Developments	£64,228.82

Planning Application Reference	Commitment Details	Amount committed but not spent
2016/0400/ST	Improvements of access points and footpath links, signage and new benches at Millennium Green, Skegby Lane	£11,407.11
2010/0089/ST	Bellamy Road MDC Development	£558,846.03
2016/0440/ST	Improvements of access points, footpath links, landscaping, benches and litter bins at Johnson Drive POS	£48,400.00
2015/0032/NT	Procuring and installing outdoor gym/trim trail equipment within Manor Park Mansfield Woodhouse	£12,228.77
2014/0654/NT	Bellamy Road MDC Development	£68,344.82
2016/0038/NT	New Play Provision on Queensway Park, Forest Town	£61,560.44
2016/0038/NT	Saundby Avenue Conversion and Bellamy Road MDC Development	£32,416.40
2019/0797/FUL	Bellamy Road MDC Development	£26,112.18
Total committed not spent		£1,183,037.87

h) Money received under planning obligations which was spent by the authority during 2021/22 (including transferring it to another person to spend), summary details of:

- (i) The items of infrastructure on which that money (received under planning obligations) was spent, and the amount spent on each item.**

3.11 The table on page 23 expands on the information provided in the table under part f) (paragraph 3.9) above. In terms of green space, the amounts spent vary considerably however this is due to the nature of the work undertaken. The smaller amounts were spent on the maintenance of green spaces and some minor improvements whilst the higher figures were on projects that are more significant. For example, £60,703.58 was spent on the improvement of footpaths, landscaping and play provisions at Bull Farm Park (see photographs 1 and 2 on page 24). Turning to affordable housing, substantial amounts have been spent on two MDC projects the most significant being the £110,586.85 on the scheme at Bellamy Road, Bamford Drive and Rosemary

Avenue. Finally, in respect of health, no monies have been transferred to the Integrated Care Board (ICB) in the reporting period.

Provision	Amount	Details
Green Space	£940.33	Thorpeland Avenue and Butterwick Close POS Maintenance
	£383.50	New Mill Lane POS Maintenance
	£427.93	Holly Road POS Maintenance
	£286.65	Thoresby Road POS Maintenance
	£373.38	The Wickets POS Maintenance
	£10,057.71	Improve entrance/access/borders and additional signage at Queensway Park, Forest Town
	£333.41	Carr Lane Park Signage, Bins and Benches
	£20.89	Footpath links and improvements to Quarry Lane LNR.
	£25.94	King George V Park Trim Trail and Benches
	£4,060.00	Improvements to footpath links, picnic area, signage, wildflower areas and habitat improvement at Quarry Lane LNR
	£7,367.50	Resurfacing of MUGA at Chesterfield Road Park
	£60,703.58	Improvement of footpaths, landscaping and play provisions at Bull Farm Park
Total	£84,969.82	
Affordable Housing	£110,586.85	Bellamy Road, Bamford Drive and Rosemary Avenue MDC Developments
	£60,703.58	Saundby Avenue Conversion MDC Development
Total	£183,677.54	
Healthcare provision	£0 (nil)	N/A
Total	£0 (nil)	

3.12 Photographs 1 – 4 on pages 24 and 25 illustrate three schemes on which S106 monies have been spent.

(ii) **The amount of money (received under planning obligations) spent on repaying money borrowed, including any interest, with details of the items of infrastructure which that money was used to provide (wholly or in part)**

3.13 The amount spent on repaying money borrowed is nil (£0).

(iii) The amount of money (received under planning obligations) spent in respect of monitoring (including reporting under regulation 121A) in relation to the delivery of planning obligations

- 3.14 The amount of monies spent on monitoring in the reported year was £275.00. This was for the monitoring relating to application 2020/0068/FUL (Bath Mill, Bath Lane, Mansfield).

i) Total amount of money received under any planning obligations during any year which was retained at the end of 2021/22, and where any of the retained money has been allocated for the purposes of longer term maintenance (“commuted sums”), also identify separately the total amount of commuted sums held.

- 3.15 As can be seen in the table below; the district council retained £1,241,656.55 at the end of the monitoring period. This is split 60% for affordable housing and 40% for green space. Of those monies held for green space, 18% of it was for maintenance.

Breakdown by purpose	Total Amount	Amount for maintenance
Affordable Housing	£749,948.25	£0.00
Green Space	£491,708.40	£89,265.62
Sports Provision	£0.00	£0.00
Public Art	£0.00	£0.00
Education	£0.00	£0.00
Highways	£0.00	£0.00
Travel Plans	£0.00	£0.00
Health	£0.00	£0.00
TOTALS	£1,241,656.55	£89,265.62

Estimated future income from planning obligations

- 3.16 In addition to the above information, which is a mandatory requirement, the National Planning Practice Guidance also recommends that local authorities report on estimated future income from planning obligations. This information is set out in the two tables below and is based on the position up to the end of March 2022. The first table on page 27 summarises the totals for each type of infrastructure whilst the second, on pages 28 – 34, breaks the information down by planning application.

- 3.17 The total amount of future income is **£9,653,959.62** of which **£82,361.26** is for monitoring. Therefore, the actual amount available for spending on infrastructure is **£9,571,598.36**. This compares to a figure of **£9,145,640.19** that was set out in last year's IFS. In terms of affordable housing, there are clauses that allow a financial contribution to be made for every affordable home not provided.
- 3.18 In addition to the financial contributions that have been secured, there is also provision for the delivery of up to 522 affordable homes across the district.
- 3.19 These contributions will be paid / delivered by the developer once the development has commenced and / or when a specified number of properties have been built or occupied. This will be dependent on the specific triggers contained within the S106 legal agreement.
- 3.20 It should be noted that there is no guarantee that these monies will be received as it is dependent on the relevant schemes actually going ahead and being built out as approved by the relevant planning consent.

Table summarising future income from S106 monies by infrastructure type (including monitoring)

Obligation Type	Amount
Off Site POS	£814,800
On Site POS	£1,501,160.00
Off Site Affordable Housing	£6,562,500.00
Healthcare	£693,138.36
Monitoring	£82,361.26
TOTAL	£9,653,959.62
Number of On Site Affordable Housing Units to be provided	522

4 Priorities for spending future contributions

- 4.1 Paragraph 34 of the National Planning Practice Guidance (Planning Obligations)¹³ says that:

“the Infrastructure Funding Statement should set out future spending priorities on infrastructure and affordable housing in line with up-to-date or emerging plan policies. This should provide clarity and transparency for communities and developers on the infrastructure and affordable housing that is expected to be delivered. Infrastructure funding statements should set out the infrastructure projects or types of infrastructure that the authority intends to fund, either wholly or partly, by the levy or planning obligations. This will not dictate how funds must be spent but will set out the local authority’s intentions.”

Approach for identifying infrastructure priorities

- 4.2 As set out in paragraphs 2.7 – 2.10, the Infrastructure Delivery Plan (IDP) identifies the infrastructure that is required to meet the level of growth that is set out within the Adopted Mansfield District Local Plan. For the Mansfield urban area and Warsop parish this has been prioritised using a RAG (**Red**, **Amber**, **Green**) rating whereby red is the highest priority, amber is medium priority and green lowest priority. For district wide infrastructure, no RAG rating has been applied. These requirements have been incorporated into Appendix 9 of the Local Plan.
- 4.3 The district council will use the Local Plan / IDP as a basis for determining what the infrastructure priorities will be. Both documents will be subject to review that will help to ensure that the priorities remain appropriate and up to date, with those schemes that are delivered being removed from the list.
- 4.4 Infrastructure priorities at a strategic level will be determined by the district council’s Growth Delivery Group (GDG). The GDG was established as part of the council’s proactive approach to improve the delivery of housing and other uses by actively addressing schemes that have planning permission and have effectively stalled, and to encourage new schemes identified within the local plan to come forward. The GDG first met on 26 October 2018 and comprises senior district council officers including the chief executive, elected members, service directors and partners (e.g. Nottinghamshire County Council and the Local Enterprise Partnership (LEP)).

¹³ <https://www.gov.uk/guidance/planning-obligations>

- 4.5 The existing terms of reference for the group were amended in February 2021 to allow discussions about infrastructure priorities to be discussed and agreed.

Mansfield District Council's infrastructure priorities for 2023

- 4.6 The district council's priorities for the spending of planning obligations will be based on those set out in appendix 9 of the Local Plan. This will be done using the RAG rating referred to in paragraph 4.2 and appendix 1 along with those district-wide items referred to within the same paragraph. In addition, the district council will continue to seek the provision of affordable housing, either on-site or through contributions for off-site provision.
- 4.7 Where a decision is required regarding the priorities for allocating contributions as part of a specific application e.g. due to viability, this will be agreed by the district council on a case-by-case basis, having consulted with those who have requested an obligation.

5 Further Information

- 5.1 Further information about the content of this document or the district council's approach to planning obligations; including the SPD's referred to in section 2 of this document is available from:-
