04/02/25	PH Regeneration & Growth	Councillor Camilleri	Mansfield District Council received a £2.994 million allocation from the then Conservative Government's Towns Fund for the 2021/22 period, and planning approval for the redevelopment of Berry Hill Park was granted on December 18, 2023. The total estimated project cost is £3.23 million, with the remaining funding coming from Mansfield District Council. Despite repeated assurances from the Council that work on the new café and recreational facilities would kick off immediately, we have yet to see any progress. Considering the significant rise in construction costs since these funds were allocated, could the Cabinet Member please provide an explanation on how these increased costs will have impacted on the development and could he provide us with a definitive start date for the project and an expected completion timeline?	Accepted	

04/02/25	PH Regeneration & Growth	Councillor Wright	<p>At the meeting of the Full Council on September 17th, 2024, I asked the Portfolio Holder for Regeneration two straight forward supplementary questions, questions, in my view, questions he should have known the answers too.</p> <p>Rather unsurprisingly the portfolio holder resorted to promising me two written responses.</p> <p>The council's constitution states:-</p> <p>3.04.9.5 Response An answer may take the form of:</p> <p>(a) a direct oral answer;</p> <p>(b) where the desired information is in a publication of the Council or other published work, a reference to that publication; or</p> <p>(c) where the reply cannot conveniently be given orally, a written answer circulated to the questioner and all other members of the Council.</p> <p>(d) a member to whom a question is put may decline to answer the question.</p> <p>My question is:-</p> <p>Why did I have to send two reminders and wait SIX weeks for my two responses?</p>	Accepted	
04/02/25	PH Environment and Leisure	Councillor Wright	Will the Portfolio for the Environment update council as to when the large hole in the perimeter wall of Titchfield Park, damaged during Storm Babet in October 2023 will be repaired?	Accepted	Withdrawn at the Council meeting. Question answered in Overview & Scrutiny Place (28.1.25)

04/02/25	PH Regeneration & Growth	Councillor Wright	At the Full Council of 16th July 2024, you gave a response to a question put by Cllr Moxon, regarding the empty former Wilko's store. As part of your reply you said: -"The Council currently leases the car park immediately above the store and is currently holding over on the existing lease, with notice being served to terminate and to seek a new lease at a lower rent. Rent and lease negotiations have been requested without response to date". My question: -In view of the Walkden Steet multi-story car park still being closed until further notice and with no obvious sign of repairs being carried out, can the Portfolio Holder for Regeneration update council on the current situation re the lease of the surface car park above the former Wilko's store known as Clumber Street car park?	Accepted
